

Laurel Festival Fat Tire bike race hits high gear

RACING FOR THE LAURELS — Mountain bike racers brought their bikes to Brookville Saturday for the Fat Tire Race. Prior to the start of the race, the curious and the participants were able to plot their course on a map, (far left). A representative of Planet Bike, (near left), demonstrates the gears for a curious on-looker. The race started in front of the Jefferson County Courthouse and went East down "Gromley Hill" and out Water Plant Road. The race ended at the courthouse. Race results were not available at press time. (Photos by Randy Bartley)
